MOORE EYE INSTITUTE
A Vision of Caring
Combating the Diabetes Epidemic:
A Vision for the Future

Sunday, December 6, 2015
7:15 A.M. to 4:30 P.M.

Target Audience: All primary care physicians and medical specialists caring for diabetic patients: primary care physicians, endocrinologists, nephrologists, ophthalmologists, nurse practitioners, physician assistants, optometrists, podiatrists, fellows, residents, and medical, optometry, and podiatry students.

Learning Objectives:
• Review the epidemiology of diabetes as a systemic disease.
• Discuss screening and early detection of diabetes.
• Explain systemic complications of diabetes.
• Discuss latest treatment modalities for patients with diabetes.

Lecture Topics:
• The Future of Diabetes Care in Today’s Health Care Environment
  Leonard Ginsburg, MD, CDE, Retina and Diabetic Eye Specialist
• The Diabetes Epidemic: The Need for a Strategic Public Perspective
  Anthony Di Stefano, OD, MEd, MPH, Director, Public Health Programs, Salus University
• Diabetes Care — From the Patient to the Home to the Neighborhood and Beyond
  William Waring, MD, Director Family Medicine Residency Program, Crozer-Keystone Health System
• The Future of Population Health Management
  Nancy Hansen, RN, BSN, Director of Clinical Innovation & Transformation, DUCoM
• Glycemic Control: What’s New in Treatment?
  Barbara Simon, MD, Associate Professor, Medicine - Endocrinology, DUCoM
• The Diabetic Foot: What All Primary Physicians Should Know
  William Urban, DPM, Chief, Pediatric Surgery, Director, Podiatry Residency Program, CKHS
• Updates in Diabetic Nephropathy: Strategies to Mitigate Renal Disease Progression
  Suzanne Boyle, MD, MSCE, Asst Professor, Medicine - Nephrology & Hypertension, DUCoM
• Managing Hypertension in Patients with Diabetes
  Paulina Gorodin Kiliddar, MD, Assistant Professor, Medicine - Cardiology, DUCoM
• Case-based Problem Solving for Diabetic Patients in Today’s Health Care Environment Panel Discussion
• Avastin Treatment of Colon Cancer: Systemic Risks
  David Stein, MD, Chief, Division of Colorectal Surgery, Assoc. Professor of Surgery, DUCoM
• Systemic Complications of Anti-VEGF Injections When Treating Diabetic Macular Edema
  Majda Hadziahmetovic, MD, Resident, Department of Ophthalmology, DUCoM
• Latest Developments in the Treatment of Diabetic Retinopathy and Diabetic Macular Edema
  Leonard Ginsburg, MD, CDE, Clinical Chief of Drexel Ophthalmology, DUCoM
• Anterior Segment Findings in Diabetic Eye Disease
  Bruce J. Sumlin, MD, Director of Glaucoma Surgery, Moore Eye Institute
  An Vo, MD, Director of Cornea and External Disease of Drexel Ophthalmology, DUCoM
